### **WE WILL ROCK YOU!**

A high-energy Queen cover band based in New York, this group of seasoned, multi-talented singers and musicians is the closest experience to a real Queen show since the 1991 passing of Freddie Mercury. Thrilling the audience with electrifying guitar solos, addictive riffs, and legendary lyrics, the music of Queen has mesmerized fans for decades. The band members are stars in their own right:

**Stefan Thomas (Freddie Mercury)** — Xtreme Queen's front man, Stefan, has been a professional tribute artist for over 10 years. He has been featured on "Good Morning America," VH1, MTV, and several other prime time networks. His showmanship authentically replicates all the signature moves, charisma, voice, and energy of Freddie Mercury himself, and he bears an uncanny resemblance to Freddie.

**Sal Locascio (Brian May)** — A sought-after lead guitarist, Sal hails from Billy Joel's hometown of Hicksville, New York. He has played with several of Long Island's top cover bands, including Five Stone and Soul Doctor. In addition to his guitar skills, Sal is a music composer, arranger, and producer with over 15 years of experience in the music business.

The British rock band Queen was formed in London in 1970 by Freddie Mercury (lead vocals, piano), Brian May (guitar, vocals), and Roger Taylor (drums, vocals), later joined by John Deacon (bass). Their earliest works were influenced by progressive rock, hard rock, and heavy metal, but the band gradually ventured into more conventional and radio-friendly works by incorporating further styles, such as arena rock and pop rock. Queen has been a global presence in popular culture for more than half a century. Estimates of their record sales range from 250 million to 300 million, making them one of the world's best-selling music artists.

Queen. Regarded as one of the greatest singers in the history of rock music, he was known for his flamboyant stage persona and four-octave vocal range. Mercury defied the conventions of a rock front man with his theatrical style, influencing the artistic direction of Queen. He died of complications of AIDS on November 24, 1991. This will be a special performance commemorating what would have been his 78th birthday.
